
1. Landing & Home Page

Date: Jul 11, 2026

Chat ID: 905e5a1a-cf6b-4934-8972-e0c84666d4f2

- Added modern Mr. Rafik photo in Meet your instructor section
- Important lectures and latest content shown only for signed-in students
- Browse courses button directs students to their grade courses
- Hidden Why choose us, Academic levels, and Our seniors when signed in

2. Admin: Granted Access & Expiration Time

Date: Jul 11, 2026

Chat ID: 3ef0e76a-2e8f-42ca-900c-cd3fca5cae37

- Granted Access: give free lecture access to selected students (grade-filtered)
- Expiration Time: edit student lecture expiration dates
- Made admin dashboard responsive for all devices
- Lecture Students page: mobile actions, barcode scanner, richer statistics
- Multi-center offline attendance (Alpha, Hanii Pierre, expandable)

3. Admin UI, Statistics & Income

Date: Jul 11, 2026

Chat ID: 87d2caca-c812-4410-8e28-848e776782f2

- Improved admin frontend and statistics
- Lecture pricing and total income calculations
- Offline center attendance income rules
- Broader modern UI and graphics refresh

4. Remove Whole-Course Price

Date: Jul 11, 2026

Chat ID: 7a1925da-e115-4d87-9eb3-15bffb205d90

- Removed whole-course purchase concept from student and admin UI
- Kept lecture-by-lecture purchasing only (frontend-focused change)

5. VdoCipher Lesson Video Upload

Date: Jul 12, 2026

Chat ID: 671b1204-b43f-4bf0-af7a-cc56c525effa

- Lesson setup updated for VdoCipher workflow
- Upload video in VdoCipher, then paste video ID into lesson setup
- Fixed upload failed / network error issues

6. Quiz & Exam Model Rebuild

Date: Jul 16, 2026

Chat ID: ed7ec129-57ba-4988-8738-02e58cb278e6

- Rebuild quiz/exam model: add questions directly when creating quiz/exam
- Kept question bank available
- Essay questions with manual grading; value questions with tolerance
- Fixed migrations, pdfUrls null crash, duplicate exam listings
- Course/lecture image upload support
- Offline homework and quiz scoring: choose full mark first, then enter score

7. Lecture PDFs & Homework Video

Date: Jul 16, 2026

Chat ID: ff28b47c-8b3a-4323-ad02-b7c75276462e

- Add multiple PDFs directly inside lecture setup, each with a title
- Lecture video homework via YouTube link, embedded in-site (no redirect)

8. Parent Follow-Up Portal

Date: Jul 17, 2026

Chat ID: bd8eccda-11fc-4e02-ab59-2dc54900cad4

- Parent can follow child attendance, quiz grades, exam grades, and stats
- Parent sign-in flow and navbar tab
- Fixed white-screen issue

9. Apple Rewards System (Students & Assistants)

Date: Jul 17-22, 2026

Chat ID: a13ed095-fe3b-443e-b9f6-dbebb489e3e1

- Merged apple rewards into LearnMS (separate from LE credit wallet)
- Manual apple rewards; assistant pay/session bonus system
- Permissions for teachers and assistants
- Barcode scanners for assistants and students
- Assistant names and profile photos (admin upload via ImgBB)
- My Profile stats for assistants
- Dark mode and font improvements across the whole site
- Env file updates for online deployment
- Scanner UX improvements (clear after action, voice on attend)
- Admin statistics for student apples
- Apple Rewards Store (exchange items for apples) with permission control
- Store UI grouped by student and their chosen items

10. Full App Documentation

Date: Jul 22, 2026

Chat ID: 8801a2d2-35f6-43db-a75a-5a12d4197c5b

- Produced full feature inventory / documentation for the web app

11. Quiz Defaults, Security & Mobile (Undone)

Date: Jul 23, 2026

Chat ID: d05a298c-2c4f-4549-8c12-ebdb3c46ea72

- Quiz making: auto 4 choices labeled a), b), c), d)
- Site-wide student DevTools / Inspect lockdown
- Capacitor iOS/Android mobile app work started, then undone by request
- Code pushed

12. Assistant Reward Settings

Date: Jul 28, 2026

Chat ID: 7a36a705... / 4509f9b0...

- Added maximum session cost (200) to assistant bonus system
- Admin UI to edit base pay, bonus, sessions-per-bonus, and max value
- Parent follow-up: lecture creation date for absences
- Production white-screen debugging

13. Choose Homework, Attendance & Call Center

Date: Jul 30, 2026

Chat ID: 830e791a-956d-45b9-9356-49e659256492

- Choose Homework: Google Form embedded in lecture (essay homework kept separate)
- Auto full-mark from form; sync refreshes scores
- Google sign-in without leaving the site; prefill name and student ID
- Parent login simplified to parent phone + student phone
- Parent homework/quiz dates; removed apples from parent view
- New grade: 3rd Secondary Adby
- Lecture overview stats: counted scored students (essay HW, choose HW, quiz)
- Scores tracked per attendance center
- Attendance grants same-day enrollment for renew path; expire immediately
- Previous-session choose-homework status on lecture students / attend
- Student apple scanner: 10-minute cooldown after actions
- Call Center feature with permission, Excel export, called/not filter

14. Students, Signup Control & UX Polish (Latest)

Date: Aug 3, 2026

Chat ID: 1d67a68b-1782-4cca-9359-96c8603e16c6

- Admin add student: Online/Offline ID choice; online auto ONL-#####
- Unique Student ID and Phone number (DB + API checks)
- Student phone must differ from parent phone
- Fixed white screen on duplicate ID/phone submit
- Separate Add Students page with AddStudents permission
- Step wizard for assistants with uniqueness checks on each Next
- Admin toggle to enable/disable public student signup
- Public student signup converted to same step wizard
- Arabic translations for signup wizard
- Granted Access & Expiration Time: inline search results (no dropdown)
- Sidebar regrouped: Materials / Students / Team / Rewards

- Safari false DevTools block fixed

Notes

This document summarizes all Cursor chats related to the Rafik / LearnMS web project (new-rafik-web-2027) from July 11, 2026 through August 3, 2026. Chat IDs can be used to reopen the original conversations in Cursor.
